

# Presentations

- 4 minutes max.
  - ◆ What is the problem and what is the data?
  - ◆ What did you observe about the data?
  - ◆ What did you attempt and what were you able to achieve?
  - ◆ How do you summarise your conclusions.
  - ◆ Plus 2 minutes questions.
  - ◆ Be prompt on the day: we will need to start on time.

# Grading

- Worth 20% of grade. (Project 50%, literature review 30%)
- Approximately:
  - 5% observations about data
  - 5% summary of work and results
  - 5% clarity of communication
  - 5% evaluation and accurate conclusions
