6. What would you say to students considering taking this course?

Inspiring course and helpful lecturer. But do think before you take it, since this is a really narrowed down topic.

It is quite manageable time wise. Material is quite useful aswell. The lecturer presents things well.

Take it.

Take it. The lecturer is great, puts a huge amount of effort into the lectures, the notes, the practicals and the feedback is the best feedback I’ve received in all my time studying.
