**Positive:** Clear slides, Right amount of material per slide, Examples used well, Diagrams used well, Tables used well, Graphs used well.

**Negative:** Omitted illustrative examples,
Would have benefitted from diagrams, tables and/or graphs,
Slides too crowded, Font too small, Typos on slides.

**Comments:**

# Instructions to Peer Reviewers

Each student, apart from the presenter, should fill in a copy of this form during each student presentation.
For each section above the reviewer should tick the most appropriate score box, circle each positive and/or negative comment that applies to the presentation and provide further feedback in the box provided.
When you have completed the form please return it to Johanna Moore.

Note: This form is Adapted from Alan Bundy's presentation marking form used in Informatics Research Methodologies.
